Customer Reviews

I am so happy to have this book because it really keeps me organized! I take it to my kid's doctor's appointments, so I can write down everything discussed. I am able to keep track of so much important information, like immunizations, medication given, allergies, and even our family history. The size is perfect for traveling! I even take it to my kid's sitter when he is sick so she can write down when he takes his medicine in the section for tracking daily medications given! I recommend this book to all parents with children of any age. The parents and the children will definitely benefit.
