Asthma - A Link Between Environment, Immunology, And The Airways: Proceedings Of The XVIth World Congress Of Asthma, Buenos Aires, October 17-20, 1999

Synopsis

This volume, released at the congress itself, contains the most important papers being delivered during the Congress. It is thus a completely up-to-date reference and resource, detailing the state-of-the-art in both basic research and clinical aspects of asthma and related diseases. The key group behind this book is Interasma, a society of asthma specialists which has been functioning as a worldwide association for over 40 years, and which is directly focussed on the prevention and treatment of asthma.
