Christian Chick's Guide To Surviving Divorce: What Your Girlfriends Would Tell You If They Knew What To Say

Synopsis

Illumination Book Awards Winner Christian Chick's Guide to Surviving Divorce is what your girlfriend would tell you, preferably over coffee and crepes, if she knew what to say. With a good dose of humor, it's full of life-giving encouragement as well as practical guidance. A book full of hope - from someone who has been there. "I walked into my local Christian bookstore with my head down, hoping no one would see the tears streaming down my face," writes the author. "I didn't want the usual version of surviving divorce have a glass of wine, slash his tires, head to Jamaica, and party like you did in college. I needed Godly advice from a woman who had walked in my shoes and lived to tell about it." Divorced does not have to be your label. You can heal and come out on the other side in triumph. Every year, 900,000 women of faith go through a divorce. This book is full of the wisdom and encouragement that Suzanne received, as well as the lessons she learned while the Lord was exchanging His beauty for her ashes. There is life on the other side. A life full of hope, healing, and triumph.

Customer Reviews

Don't let the title fool you. This is no lightweight Christian feel-good book on divorce. The author has been to the depths and back. She tells her story with candor as well as the things she learned along the way that can really be applied to any tragedy one might face. The book is full of solid, biblical advice shared with heartfelt compassion, encouraging the reader to cling to the Lord and find strength in Him. I highly recommend this book to anyone going through a divorce or having gone through one still needs hope and healing.

When you are going through some of the worst days of your life you need someone who's been there to hold your hand and walk you through it. That's exactly what this book does. Christian Chick's Guide to Surviving Divorce not only handles the tough emotional issues of pain and rejection but also tackles the nitty-gritty of negotiating custody agreements and packing away memories. Suzanne Reeves talks you through the dark days of divorce with a healthy dose of God's grace, a serving of practical advice, and spoonful of humor to make it all just a bit easier.

Wonderful book written in a clear, concise and empathetic style. Covers so many issues in a friendly, caring way. This author has vaulted to the top of my list in the venue. If you are in the midst of, friends with someone, or as in my case, the mother of a child going through a divorce, please read this! The Christian viewpoint was so helpful.

This book was very loving and helpful. A lot of the topics, advice, thoughts and ideas the author touched on hit home for me. I related a lot to this book and I appreciated her being real with her readers. I didn't get the cookie cutter advice I expected from another divorce book. It was refreshing!

As a woman who has served for many decades in ministry with my pastor-husband, I have never experienced the agony of divorce personally but have walked this tearful path with many women in the churches we have served. I am thankful to have a contemporary, biblically based, practical guide like this one to recommend.

Thank you so much! I really needed this book as my husband is leaving me. Her words of encouragement come from a heart that was broken once too. She found healing in God. What a sympathetic book like a loving companion to a hurting heart. It's the best book I've read on divorce for a fraction of the price. No hype or long theological lessons - just a testament to allowing God's love to heal the broken heart. My heart is breaking too but I know as I follow the principles in this

book, I'll reach that place of wholeness again. It's also great to come from a woman who's been betrayed by her husband as I have. Many books brush over the issue and it needs to be addressed.

This book is written in a wonderful tone, very loving. Nothing has been left out in this complete book about divorce, except one thing, the author might have told how she met her second husband. The reader is left to assume she met him online, but more detail here would have been helpful. Online dating can be a scary thing. The appendix and websites at the end may be very helpful.

Christian women struggling through divorce have a hard time finding a place they can go to receive Godly advice and encouragement without being judged. Suzanne Reeves delivers exactly what these hurting women need with her practical and inspirational advice from a woman who has been there. This book will open your eyes and your heart and bring you laughter through your tears.
