The Divorce Mediation Handbook: Everything You Need To Know

Synopsis

A Friendly and Less Expensive Divorce Clients arriving in your office are usually confused about what mediation means, their legal rights, and how it's all going to be sorted out. You spend a good deal of your time just trying to educate them enough to proceed. The Divorce Mediation Handbook does much of this work for you. It explains the mediation procedure and reassures your clients that they can indeed work out their divorce in a reasonable and civil manner in mediation. It also gives them a great deal of information about * how children respond to divorce * how property issues are addressed * how future support may be considered * how to prepare for mediation Paula James, who has mediated over 600 divorces, offers the divorcing couple an encouraging and highly informative book to prepare them for your first session and the work ahead.

Customer Reviews

I found this book to be very helpful to me. I needed to know if mediation was for me. Divorces can be very expensive (I have friends who have gone through them) and I didn't want attorneys to get the better deal. Chapters include how mediation differs from litigation. If it's the best choice for you. Choosing a mediator and their role. The process of mediation...children and financial issues. In essence, it takes you from start to finish. The scenarios with different couples were so varied that I am sure you will find a situation that is similar to yours. A must read if you want to know how it all works. I learned so much from this book that I would recommend it to anyone contemplating...

This handbook was worth its weight in gold. I read and applied the principles to my own mediation

session and was amazed at how things went smoothly. I highly encourage anyone that is thinking about going through the mediation process to check this book out.
