Construction Contracts: Law And Management

Synopsis

The fourth edition of this unparalleled text has been thoroughly revised to provide the most up-to-date and comprehensive coverage of the legislation, administration and management of construction contracts. Introducing this topic at the core of construction law and management, this book provides students with a one-stop reference on construction contracts. Significant new material covers: procurement tendering developments in dispute settlement commentary on all key legislation, case law and contract amendments up to July 2007. In line with new thinking in construction management research, this authoritative guide is essential reading for every construction undergraduate and an extremely useful source of reference for practitioners.

Customer Reviews

This is a well rounded book covering issues associated with both building and civils contracts. Highly recommended! Those with an interest in JCT Building Contracts are recommended to check out "The JCT Standard Building Contract, Law and Administration" by Ndekugri and Rycroft. Regards Simon Richards

I purchased this book, thinking it was a book about Construction Contracts in the US, NOT THE UNITED KINGDOM! What a waste of money!
