# Problems In Evidence (American Casebook Series)

Synopsis

Forty new problems have been added to this edition. Many concern the range of issues created by the Supreme Court's new approach to confrontation in Crawford v. Washington. A number have been added for expert testimony and revisions have been made regarding DNA evidence. Others deal with character evidence in criminal cases, including other crimes evidence and prior sexual assaults in both civil and criminal cases. Some examine the challenges presented by new technology when evidence comes from cell phones and computer hard drives. A new problem also raises issues that the new federal rule concerning "inadvertent disclosure" of privileged attorney-client material can help resolve. Long-time users of this Problem Book will find some of the questions in what we believe are more logical locations. Scientific expert testimony has been moved from Chapter 8, which concerns the relevancy concept, to Chapter 12 with other aspects of expert testimony. Conversely, problems conc

Book Information

Customer Reviews

The questions in this book were a great supplement to the book and helpful to make sure I was understanding the topics. I just wish there were answers so I could be certain I was completely on track.

Think of a crazy case hypo or weird facts and this book has got it one fact pattern is weirder than the next. My professor used it instead of case book so we had a lot of fun!

not good as i expected
