Nut-free, Gluten-free, And Dairy-free Recipes (A Parent's Guide To Children With Allergies)

Synopsis

The saddest day of my life was when I found out that my own kid had a terrible gluten allergy. My child could die if he eats wheat or anything made from it. But what do kids want? Pastries, mac and cheese, and all the other goodies that are made from wheat and have gluten! In these times, food allergies have become a major part of our lives. The most common food allergies are Nuts of all kinds, Gluten, and Dairy. The allergy can run from light, to so severe that a taste will make it impossible to breathe. Now, finally, those of us whose children have food allergies have a way to give our kids the things we thought they would never have. Read Bethany Harper's new book "Nut FREE, Gluten FREE and Dairy FREE Recipes: A Parent's Guide to Children with Allergies". This is so great. So many wonderful recipes. All the foods that I thought my little boy would never be able to eat!
