Customer Reviews

My only complaint is that this was a new book and the cover was creased like it had been bent backwards. Other than that it was what I asked for.

We live in a world of convenience and it would be very useful if there was an app created based on this book with new updates on the laws that change or will change in the future.

it was sent to me in great condition but i just need a textbook for class.you need to know if its for your class but well put together.

This book pretty much contains everything you need to know about Texas laws. I wish it came with a CD.
