Customer Reviews

I used this book and successfully created my non-profit. His recommendations and advice are spot on. I particularly like the by laws template and took his advice to write ours. A great product, thank you,

This is a great book and I love the Nolo series for starting, keeping and flourishing with your

Non-Profit! I gave one to a friend so she can start hers.

Recommended as easy to follow, and it is.

Information in this book was a good guide through the maze of incorporating in California.

Sometimes it can lead to overkill so check ByLaws from other 501(c)(3) organizations for a reality check.

Straight forward description of a dry process.
