Visualizing Bankruptcy (2011)

Synopsis

This unique study guide uses visual aids such as charts and diagrams to foster student understanding and application of the law governing bankruptcy. They are organized not by chapter of the Bankruptcy Code (for the most part) but chronologically by the normal course of a bankruptcy case. Some visual aids cover a single provision or concept while others summarize several bearing on a single topic. The overarching goal is to help students see the organizational structure and create visual clues for remembering content.
