The History Of Jamaica

Synopsis

(...) "histories have been published of this island; yet none, that I have met with, affords much more than a general outline, very unsatisfactory to those who intend to settle in it. Having spent some years of my life there, I thought I could not devote my leisure to better purpose, than endeavouring to give an idea of its products, and importance to Great-Britain, beyond what may be conceived from a perusal of those publications. In regard to the plan of this work, it may be proper to advertise the reader, that I have avoided entering into detail of the characters and speeches of our governors; or reciting the various VOL. I. B exploits of admirals and generals. The former would afford very little matter either for entertainment or instruction; the latter are copiously related by different historians, in treating of the naval and military affairs of the mother state. (...)"

Customer Reviews

I ordered this book because I had been doing some family history work on Jamician death records. This stirred up an interest in the lives of the people who originally lived on Jamaica and those who came to settle it. This book answered many of my questions. It is not light reading but is informative.
